Books Descripton :

A young man with no past must progress into a warrior out of legend. Cinder Shade's life begins on a fateful afternoon at the bottom of a well where he awakens, bruised, battered, and bereft of all memory. His only understanding is a driving imperative—to protect those who can't defend themselves and become a warrior worthy of the name. He discovers within himself a peculiar gift, one in which the codes of combat are made evident and the language of steel is made clear. When he earns a place at a prestigious elven warrior academy, Cinder fights to enhance his knowledge and perhaps even humble the proud elves who believe no human is their equal. His hard-earned skills are put to the test when strange rumblings emanate from deep in the Dagger Mountains. Monsters out of myth emerge. And so does something far worse . . . An ancient god. The world believes this deity long dead, but he is very much alive. And he remembers his enemies all too well. Even if they don't remember themselves.
